DATA SHEET NO: 6205

PRODUCT NAME/VISCOSITIES:

PETROL POWER ECOMAX

DESCRIPTION:

An octane booster and detergent package adding 2 octane numbers to unleaded fuel.

APPLICATION:

For use in all petrol engines.

By addition to fuel in the ratio 1 part to 1000 parts [1 ml/L].

USER BENEFITS:

- Increases octane rating of fuel by 2 numbers.
- Improved efficiency and cleanliness of petrol injectors and carburettor jets.
- Efficient detergent package to clean and maintain "as new conditions" within the engine and fuel system.
- Reduces combustion chamber deposits and improves inlet manifold and valve cleanliness.
- Tests show sharper performance, smoother running engines and improved fuel consumption.
- Reduces emissions of hydrocarbons (HC) and carbon dioxide.
- Maintains catalyst efficiency and may invigorate catalytic convertors.
- Fully compatible with all commercially available pump fuels.
- **Please Note - Petrol Power ECOMAX does not provide valve seat protection for older cars. Use either Millers VSP Plus or CVL for cars designed to run on leaded petrol.**

TYPICAL CHARACTERISTICS:

Specific Gravity @ 15°C	0.943
Kinematic Viscosity @ 40°C	16.6cSt
Flashpoint °C	66

Colour: Pale Yellow/Orange

Do not store in direct sunlight. Keep away from heat.

HEALTH AND SAFETY:

Health and Safety Data Sheet 6205 applies to this product. When used for the purpose recommended and with due regard to the appropriate Health and Safety Data, the product should cause no concern. If in doubt, consult with Millers Oils Technical Department.
